MOVIE COMPANY COMES HERE FOR WINTER SCENES

More Companies Reported
To be Coming Here
For Snow Shots

CONDITIONS NOW IDEAL

'Happiness Preferred' to be
Title of Picture as
Scenes Taken

With additional companies reported to be making arrangements to come here to take advantage of the exceptionally good winter and snow scenes offered, the first motion picture company finished its work here this week and returned to Hollywood Tuesday night.

The first company to arrive this year consisted of 16 directors, cameramen, technicians and extras from the Major Pictures Corporation of Hollywood. M. E. Redding, who was here with a company last year, was in charge of the unit. Robert Florey is the director of the production to be entitled "Happiness Preferred," a film to be released through Paramount.

Being starred in the picture are Lewis Stone, Karen Morley and Warren William. None of the principals were required on the local locations. The shots were taken from the train along Truckee river near Boca and in Truckee.

Several other companies have made inquiries concerning the local setup and it is understood that many are planning to come here as soon as it is possible.

MRS. LOYND HOSTESS TO BRIDGE CLUB AT TRUCKEE HOME

Mrs. Walter Loynd was hostess at the second of a series of bridge parties to be given by members of the Tuesday club during the winter season. Mrs. Laurence Zobel was the recipient of the first award and Mrs. Rita Oroz was given the consolation gift. Refreshments were served at the close of the games.

REUNION OF TRIO AFTER 15 YEARS

Congressman Harry L. Englebright was host at his home in Nevada City to his two brothers, William, a mining engineer of Toronto, Canada, and Eugene, executive of a corporation in San Rafael, during the Christmas holidays. The three men met for the first time in 15 years.

The visitors renewed old friendships in their native town during the brief stay. The congressman and his family will leave for Washington as the relatives return to their homes.

PARKING CARS ON HIGHWAY FORBIDDEN

Motorists who have a habit of parking on the highways while they enjoy the snow sports in this region are being warned by State Patrolman Arthur Barrick that this is violation of the law and must be stopped. The practice is especially annoying at this time as the roads are narrow and passing is somewhat dangerous.

MANY GUESTS AT CASTING CLUB TO ENJOY SNOW SPORT

Dr. and Mrs. Hans Barton, well known San Francisco residents, with a party of friends, are guests at the San Francisco Flycasting Club. The group plans to visit until Sunday and will enjoy the snow sports in this vicinity.

William and Miss Phoebe Barton, son and daughter of the couple with Miss Sally Taylor are from the bay city, while Miss Anna Martin and Charles Haywood are from Los Angeles and Norman Clark lives in Alameda.

Hawaiian Pair Honeymoon Here In Snow Sports

The Hawaiian Islands are famous for their attraction to couples on a honeymoon, but a reversal of the usual trek was made to Truckee when Mr. and Mrs. E. Miller, newlyweds, and party registered at the Sierra Tavern for the week end holiday.

Temporarily abandoning the tropical climate for the invigorating atmosphere coming from the snow-capped mountains, the island visitors enjoyed the experience of the first big storm of the season and remained here four days, enjoying the winter sport activities.

They have returned to San Francisco and will soon return to Hawaii.

Crash Victim Was Known in This County

Mother of Edw. Ford, Jr. was
Formerly of Nevada
County

Edward T. Ford, Jr., who was one of the 12 victims of the tragic airplane crash in Sargass last Sunday was the son of the former Miss Ethel Mulley of Nevada City.

Ford was a native of Seattle and the son of Edward Thomas Ford of San Francisco, president of the W. R. Grace and Co., a shipping concern.

Funeral services for the young man will be held in the bay city while the rites for his bride, also a victim of the tragedy, will be held privately in Pasadena.

THREE RULINGS BY JUDGE TUTTLE ARE GIVEN APPROVAL

Three different rulings given by Superior Judge Raglan Tuttle in the case of the Alpha Stores, Inc., against the You Bet Mining company, a corporation, were sustained by the Third District Court of Appeals, it was learned here this week.

A \$15,435 judgment was returned in favor of the plaintiff and the mining company appealed the action on the ground that the summons was not properly served.

This was only one of many of the decisions by Judge Tuttle which have been upheld by the higher courts.

OFFICER INJURED AS CAR OVERTURNS AT LAWTON SPRING

Vernon Barrett, 22, one of the officers at the state checking station just west of Truckee is believed to have suffered several broken ribs and other injuries when his automobile overturned and rolled down a bank near Lawton Hot Springs near Reno. Tuesday. The injured youth was taken to his home where he will be confined for some time.

ACCUSED AUTO THIEF NABBED BY OFFICERS

Man Wanted by Officers in
Idaho Arrested Here
By Patrolman

RETURNED FOR TRIAL

Woodruff also Accused of
Issuing Worthless
Checks

Local officers were instrumental in the apprehension of T. H. Woodruff, 41, Gooding, Idaho, resident, who was returned to that city this week to face charges of automobile theft and issuance of fictitious checks.

Woodruff was arrested by State Patrolman Arthur Barrick after the officer had been informed through Deputy Sheriff Tom Dolley that a hitch-hiker had reported to the latter that from a conversation he had had with Woodruff he gathered that the car was stolen.

Upon being questioned, Woodruff, according to the officers, said that he had contracted to purchase the car from a Gooding dealer, but had not made the required payment. He said that accessories, which he first claimed had been stolen from the machine, were sold to buy gasoline for the trip to California.

Woodruff informed the officers he had separated from his wife several weeks ago and had been experiencing trouble since.

The accused man was taken to Nevada City where he was held pending the arrival of the Idaho sheriff who arrived Monday accompanied by the car dealer.

FORMER TRUCKEE RESIDENT IS WED IN SOUTHERN CITY

Local friends of Mrs. Harris Lee Moody of San Diego have received the announcement of the marriage of her daughter, Miss Helen Elaine Moody to Glenn William Ballard in the southern city on Christmas Day. The bride has been a teacher in the high school there.

The late H. L. Moody, who practiced law here in former years, was the bride's father.

TRUCKEE MISSES ARE HOSTESSES HERE AT HOLIDAY PARTY

The Misses Amelia, Anna and Stella Zorich were hostesses to a coterie of friends at their home here on Christmas eve.

Songs, games and dancing made the affair an appropriate one. At the close of the evening, a supper was served.

The guests were: Mr. and Mrs. Clair Goode, Mr. and Mrs. John Burns, Misses Yvonne, Galienne, Lovey Edmunds, Messrs. Tony Bealo, Addison Nelson, Paul Zellman, William Englehart, Jr., Peter Test, John Adams, Earl Edmunds and George Zorich.

First Major Storm of Season Hits Truckee; Winter Sports Good

Two Mishaps on Highways Cause Injuries to Three as
Plows Battle Storms to keep Roads Free
For Traffic Over Summit

NEW STORM PROMISES TO CONTINUE IN SIERRA

Winter Sports will be Greatly Benefited From Heaviest
Storm of Year; Also Expected to Provide
Excellent Motion Picture Scenes

Winter sports enthusiasts, who had begun to wonder whether or not they would be able to indulge in their favorite recreation here this year, had all doubts removed during the past week when the first major storm of the season hit the high Sierra, depositing more than 30 inches of snow in Truckee, slightly more in the Lake Tahoe region and blanketing the Donner summit under more than four feet.

A new storm, of greater intensity than the first, swept over the summit Wednesday and promised to set a record. Snow plows were fighting hard to keep the highways open over Donner summit and were accomplishing their purpose well. Chains are required from Truckee to Colfax, but aside from a few minor mishaps, traffic late Wednesday continued unmolested by the storm.

Tire Blowout Injures Pair on Local Road

Two Lovelock, Nevada, youths, escaped death last Friday morning when the car in which they were traveling west, overturned when a tire blew out.

The mishap occurred about 7 a. m. on the highway near Rainbow Tavern.

W. H. Walker, suffered a badly sprained back and lesser injuries and Waldo Darnell, owner and driver of the machine has a broken collar bone.

They were brought to Truckee and Dr. J. H. Bernard treated them.

THE SPIANS WILL PRESENT 'KEMPY' ON JANUARY 8TH

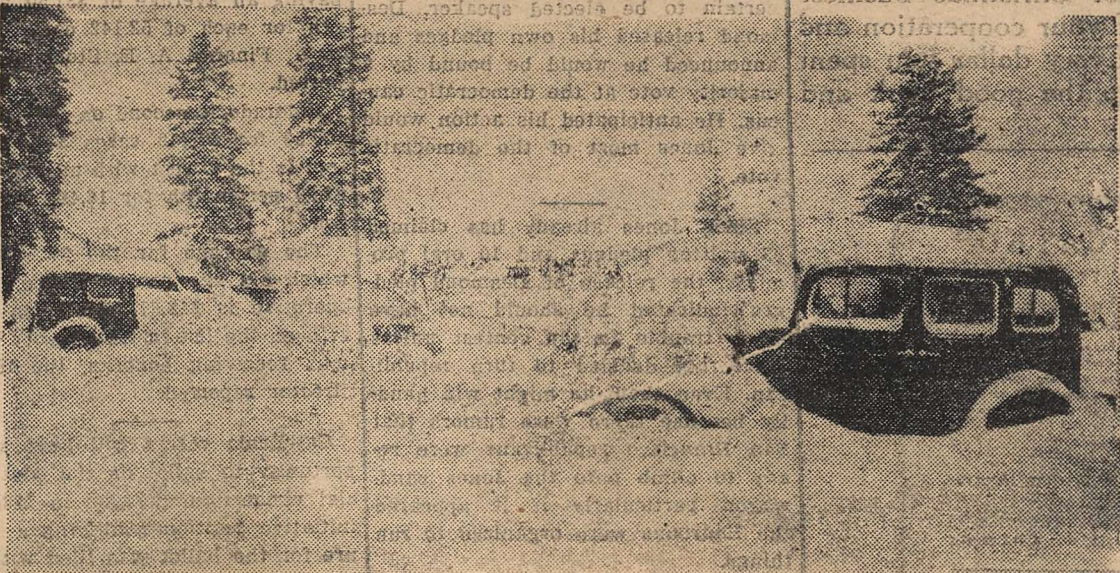

The cast of "Kempy", a clever 3-act comedy of American life by J. C. and Elliott Nugent to be given in the Masonic hall by the Truckee Union of the Parent Teachers association, January 8, is holding rehearsal in the homes and progressing rapidly in the interpretations of the parts.

During the last week the group will meet in the hall and prepare for the dress rehearsal and the finished performance.

The cast working under the direct of Miss Marion Lathrop includes Frank Galienne, Mrs. Frank Galienne, Miss Dorothy Filipeic, Bud Campbell, Miss Ann Zorich, Miss Yvonne Galienne, Earl Edmunds and Rufus Gregory.

Former Resident Here—Miss Allene Parker of Vallejo, a resident here while she was teaching in the local grammar school visited with friends here during the holiday recess.

Norden Cars Marooned In Snow

These three cars, locked in a blanket of snow, are presumed to belong to cabin owners or winter sport devotees. They are parked off the highway east of Norden, near the Donner Summit. The picture was taken Sunday. Photo Courtesy Sacramento Bee

DANCE WILL BE ATTRACTION IN TRUCKEE TODAY

One of the principal attractions to be featured in Truckee tonight will be the New Year's eve dance which is sponsored by the local post of the American Legion, with Frank Kinpe heading the arrangements committee.

A good dance orchestra has been engaged and arrangements completed for a jolly time. The dance will be held at the Masonic hall and will start at 8 p. m.

OFFICIALS DENY PUBLISHED STORY

County officials emphatically deny that District Attorney Vernon Stoll was commended for his recent slot machine raid here as reported in a news dispatch from Nevada City in last week's issue of the Sierra Sun. The commendation, it was pointed out, was for "law enforcement activities." It was also denied that Judge Raglan Tuttle made any comment at all on the report as stated in the misleading story last week.

LIONS MEETING IS POSTPONED

The regular meeting of the local Lions Club scheduled for Wednesday evening was postponed until the first Wednesday in the new year.

AND A HAPPY NEW YEAR

And now it's hail to 1937.

The old year is dead, long live the new! The slate is wiped clean, our sins are forgiven, and all of us may start afresh. A new beginning, a new chapter to write, a new year's dawning.

No one can peer through the veil of future time and say for sure what 1937 will bring. But at no time since recovery began have we in America been able so joyously, so confidently to say to our fellow man, "Happy New Year!"

These better times that have come so swiftly during historic 1936 will flourish and grow brighter through the years ahead. For that you have the word of leading economists, and particularly of Leonard P. Ayers, one of the few who in early 1929 saw through the tinsel prosperity to the quicksand beneath, and predicted the crash.

Few years have been so crammed with history as the one now passing. In Europe, Mussolini captured Ethiopia; the League collapsed; Italy, Germany and Japan joined hands, as did France and Russia; all-time armament records were set; civil war ravaged Spain; and the British Empire was rocked to its roots by the royal romance and unprecedented abdication.

In America, business spurted, the Supreme Court killed the AAA, the ex-service men got their bonus, drought hit the midwest, an amazing landslide re-elected a president, and there was a historic peace conference; and in California we voted a record-sized ballot, had a liquor scandal, a shipping strike and one of the best years for business since 1930.

Of course there were clouds raised in 1936, and many still hang on the horizon. But most of them are elsewhere in the world.

California and the nation are headed for big things in the new year. One can speak with a smile of confidence when he says, "and a Happy New Year!"

THE STORY IN STATISTICS

Figures always speak louder than adjectives.

Instead of describing in glowing language what a rousing good year 1936 has been for business, let's take a brief statistical glance at a few basic indices and see where they stand compared with a year ago.

STEEL PRODUCTION rides a t a six-year peak. It is at 79.2 per cent of capacity. A year ago it was 54.6 per cent. Prices are good, demand is holding, and the prospects are for more of the same in 1937. The only worry here is that labor policies are somewhat unsettled.

CONSTRUCTION has jumped from 30 per cent of normal 18 months ago to 55 per cent today. Private building awards in a recent week totalled \$22,767,000, were but \$5,700,000 in the corresponding week of 1935.

CARLOADINGS last week numbered 737,747. For the same period a year ago they were 616,650. Railroads made striking progress in 1936, with stream lining and air-conditioning, with top efficiency in management, with the best net operating income since 1930. The only cloud on this horizon is the threat of legislation which might not effect competition.

ELECTRIC POWER PRODUCTION is smashing all records. Last week the index stood at 119.8. A year ago it was 105.5. The 1929 average is 100. The weekly output now is 2,278,303,000 kilowatt hours. And electric power, in this country, has only just begun to expand.

BANK CLEARINGS in a recent week totalled \$6,008,196,000, or a billion dollars more than for the same time a year ago.

Speaking with statistical restraint, one can say that business is good in America, and will probably grow better in 1937.

CONTINUE TO BUY AT HOME

Truckee merchants report the best Christmas business for years. This has been the result of your cooperation and confidence in Truckee businessmen. Every dollar you spent here will pay big dividends. Keep up the good work and watch Truckee develop.

Politically Speaking

By GEORGE E. HELMER
United Press Staff Correspondent

SACRAMENTO, Dec. 31.—(UP)—Republican legislators have been asked to gather in Sacramento on Sunday, Jan. 3, for a pre-session caucus designed to organize the party's program and combat a democratic drive for speakership of the lower house.

Democrats also will assemble on that day to decide whether William Mosely Jones, Earl D. Desmond or some other aspirant shall be supported as the party's official candidate for speaker.

It appears that Jones has the better chance of winning majority support in the Bourbon caucus, republicans will scurry for votes and offer all kinds of trades in an effort to elect a republican, or even a conservative democrat, speaker.

Jones, of all candidates, is probably least acceptable to the Merriam administration. He led the SPIC block two years ago, and as speaker of the assembly he could cause the administration untold grief. The speaker names the committees.

Gov. Frank F. Merriam has said all along that he would take no part in the speakership fight, but it was understood generally that he hoped the ultra-liberal element would fall in its attempt to gain the assembly leadership.

He may sit with the republican caucus if it appears that a major fight is in progress. If there is a chance of the republicans electing the speaker, he will want a hand in selecting the candidate. But if the democrats organize sufficiently to run the show their own way, he has promised not to interfere.

Democrats outnumber republicans 47 to 33 in the assembly, and could do pretty much as they pleased if they quit bickering and got solidly behind a candidate and program.

But there are several among the 47 who would prefer playing ball with republicans to helping "Mose" Jones; many who would refuse to support a conservative or listen to any coalition plans.

Because some of the democrats may switch, it is possible, though not probable, that Charlie Lyon, G. O. P. whip, may land the speakership, in which event the democrats majority would lose much of its significance.

On paper, Jones appeared almost certain to be elected speaker. Desmond released his own pledges and announced he would be bound by a majority vote at the democratic caucus. He anticipated his action would give Jones most of the democratic vote.

Since Jones already has claimed 33 written pledges and 10 oral promises, the release of Desmond pledges indicated he should not have much trouble in the contest unless democrats decided to turn republican. Even then, he might win handily because there were rumors that San Francisco republicans were ready to climb onto the Jones bandwagon particularly if it appeared the Bourbons were organized to run things.

PATRONIZE LOCAL STORES—KEEP TRUCKEE MONEY HERE

He Protests

Mayor Edward M. Ament of Berkeley, Cal., who this week added his plea that the costly Pacific Coast maritime strike be ended without further loss to disputants and the public.

If Jones is elected speaker, Desmond probably will be democratic floor leader and chairman of an important committee.

Reports here were that three Bourbons were under consideration for the all important ways and means committee which has considerable control over bills. They are James J. Boyle, Alfred Robertson and Leon M. Donihue.

It seems that someone of Jones' workers promised the job to Robertson to keep the Santa Barbara assemblyman out of the speakership race. Some one else promised it to Boyle, oldest democratic member of the ways and means committee, and others considered Donihue eligible due to the sensations he has aroused with his investigations of alleged graft.

This Week At The State Capitol

By MELVIN LORD
United Press Staff Correspondent

SACRAMENTO, Dec. 31.—(UP)—California leads the nation in the average monthly allowance granted the state's needy aged under the old-age security act.

At the present time the state is paying an average of \$31.50 per month for each of 52,142 cases, Director of Finance A. E. Stockburger reported.

Colorado is second on the list with \$27.50 for 24,419 cases and Mississippi is the lowest with an average of \$3.50 per month for 16,480 aged persons.

The average for the 37 states in which old age pension legislation is operative is \$18.67. California is fourth on the list in the number of persons receiving benefits, the finance director reported.

California voters will have an opportunity to ballot on the controversial vivisection question in 1938. An initiative petition qualifying a measure for the ballot was filed with the secretary of state.

The proposal would prohibit the sale of cats and dogs to commercial

research laboratories and require pounds to provide "merciful" death for the stray animals.

Governor Frank F. Merriam has under submission a request from union labor of California to pardon seven men convicted in Modesto on July, 1935, of charges of possessing dynamite and conspiracy to destroy Standard Oil company property in Stanislaus county.

Union officials, armed with affidavits and other documents, insisted the men were "framed" on the basis of perjured testimony.

The governor, incidentally, enjoyed a week of major holidays.

The first was his 71st birthday on December 22. He celebrated with a full day's work, and expressed all the vigor and interest in his task as a man of considerable fewer years.

Merriam took particular interest in calling attention to the fact that he was 71 and no older. His age, from time to time, has been variously reported at everything up to 89. Christmas was spent with the chief executive's family.

The governor insisted that he has not been "saying it with flowers" to Mrs. Helen Werner, Los Angeles political figure recently on trial on charges of bribery and conspiracy.

Informed that Mrs. Werner had claimed the governor had given her an orchid to wear into the courtroom, he laughed, and then denied vehemently that there was any truth in the report.

TAHOE REGION NEWS

By Swanee

SNOW PLOW WILL CARE FOR ROADS WHEN POSSIBLE

TAHOE CITY, Dec. 31.—Due to many recent inquiries regarding the snow plow service at Tahoe this winter, this correspondent called the office of Mr. Weeks in Truckee for definite information. The plow at Meyer's Station has been taken out of service over Echo Summit and the road closed.

In the same manner as last year the equipment will be sent, during severe storms, to reopen the main arteries of travel, Highway No. 40 coming first. Plows will then open up local highways just as soon as they can be spared, all service operating from Truckee. No equipment will be kept at the lake.

MAROONED TRIO RESCUED FROM SNOW AT TAHOE

TAHOE CITY, Dec. 31.—A. R. Munson of Los Angeles and a woman companion and a little girl of five, said to be residents of Carson City, became stalled in their car when it skidded from the road into a deep drift just beyond the Dollar Hill about four miles north of Tahoe City on Saturday night about 8 o'clock during the worst of the storm.

Munson walked through the two feet of snow for two and a half miles to Bacchi's restaurant at Lake Forest where he phoned for help at Henry's Tahoe City Garage.

During his absence, Bud Mandeville of Brockway came along in his truck and offered the woman and girl a ride into town. They went only a short distance when they too became stalled.

Mr. Henry accompanied by Sig Ulland made their way to the stranded parties, he and Ulland carrying the lightly garbed ladies to the car. They then picked up Munson and came on into Tahoe for the night.

They suffered no ill effects from the experience.

TRUCKEE SPORTS WIN WIDE RECOGNITION IN NATION'S PRESS

The fame of Truckee as an ideal winter sports center is spreading to all parts of the world, gaining recognition in the national press and fast becoming known as the best in the land for winter as well as summer recreations.

In a recent issue of the Christian Science Monitor, the following item appeared:

"Then for a real tour of excellent skiing country drive from San Francisco north and eastward to Truckee not far from Reno, Nevada. Stop first at Cisco where the Johansen

CHRISTMAS PARTY AT MECKS BAY IS JOLLY AFFAIR

MECKS BAY, Dec. 31.—A gala Christmas party was staged here by members of the H. and W. Philanthropic club of Meeks Bay on Wednesday night last in that popular resort's large dining room, use of which was generously extended the club by the owner-manager, George Kehlet.

Twenty-nine persons attended and enjoyed the festive occasion. A business meeting was held first, Mrs. Pearl Heller presiding, assisted by Secretary Cora Walker. Due to the long and interesting program, the initiation of nine new members of the club was postponed until the next club meeting on Wednesday.

A number of Christmas baskets with all the trimmings and toys for the children were distributed prior to the Yule holiday to needy residents of Tahoe by the club.

A beautifully decorated fir tree graced one corner of the spacious room, upon which were presents for all. A novel method of distributing the gifts was to blindfold the guest and whirl him around several times before leading him to the tree to make the selection. Games and dancing filled the interim between the business meeting and serving of delicious refreshments and home-made candies at a late hour.

The birthday of O. C. Sweem was duly observed by club members with a special gift.

Featured on the evening's program were three novelty tap dances gracefully executed by Mr. and Mrs. Berk Weston. These modern masters of the Terpsichorean art are the owners of a charming summer home near the Tower at Meeks Bay and have been spending the past few weeks installing improvements. Mr. Weston was formerly associated for many years with the Orpheum circuit and more recently has been serving as dancing teacher in Fort Wayne, Indiana.

Present were Mr. and Mrs. Charles Heller, Mr. and Mrs. H. M. Walker, Mr. and Mrs. Radford Klefer, Mr. and Mrs. A. E. Lake, Mr. and Mrs. O. C. Sweem, Mr. and Mrs. C. W. Vernon and daughters, Florence and Lillian, Mr. and Mrs. A. M. Henry and children, Patsy and Junior, Mr. and Mrs. C. A. Swanson and son, Jimmie, Mr. and Mrs. Jack Hale and son, Frank, Mr. and Mrs. Cecil Bowman, Mr. and Mrs. Berk Weston and Captain Hans Hanson.

School of Skiing has its headquarters. Here are the A B and C ski hills, slalom and downhill runs and new ski hills. Ten miles farther on country etoaln shrdlu shrdlu shrdlu (Continued on Page 4)

NOVEL PLANS ARE MADE BY LADIES OF TAHOE GROUP

TAHOE CITY, Dec. 31.—A novel plan has been adopted by the members of the new sewing circle recently organized on the north side of the lake which plans to meet every other Thursday from November to April.

Hostesses are chosen in alphabetical order and dues collected by Mrs. Harry Bohme at each meeting are passed along to the succeeding hostess helping defray the expense of entertaining.

A novel idea instituted by the club was the selection of two men, Dick Fisher and Tom McCarthy, who are known as president and vice president respectively of the sewing circle.

Lady members declare they gallantly proffer the use of their cars, send cards and their respects, but have not yet appeared with their knitting.

The 12 lady members include Mrs. Harry Bohme, Mrs. Wayne Burt, Mrs. C. Tarwater and daughter, Miss Lillian, Mrs. A. B. Graham all of Tahoe Vista; Mrs. L. C. Schank, Jr. of Carnelian Bay, Mrs. C. E. Mandeville, Mrs. Tom McCarty, Mrs. Dick Fisher, Mrs. Tony Petroff, Mrs. Ralph Snow and Mrs. Rhineflash of Brockway.

SNOW BLANKETS TAHOE REGION

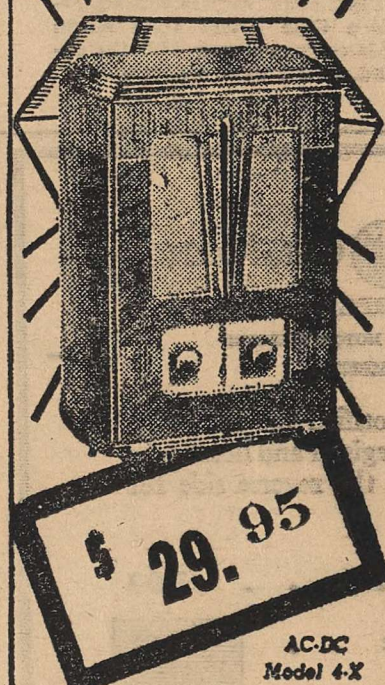

TAHOE CITY, Dec. 31.—The Lake Tahoe area is at last lying beneath its customary cloak of ermine following a snow storm and blizzard which arrived on Christmas eve. The landscape, clothed beautifully in a shimmering white, lent real enchantment to Yuletide spirit and Tahoe residents peered from snow laden window sills on Christmas morning. The caroling feathered visitors of summer have been replaced by little gray snowbirds, who are again seeking out the homes of those winter residents who do not forget to spread out their daily ration of crumbs and bacon rind.

On Monday snow flurries were still continuing with a heavily overcast sky and 31 inches of fresh snow on the level deposited during the past three days. Precipitation during the three days was 2.94 inches and temperatures dropped to 13 degrees. The lake level has risen to 6224.00.

Tahoe Ramblings

(By SWANEE)

Mrs. Hulda Hawkins Nelson, born in Glenbrook 44 years ago, and the daughter of Agnes and Pit Hawkins of Ophir, passed away on December 18. Her father was chief engineer in the early days on the steamer Tahoe, the family living here for many years. Many old friends still remain here. Mrs. Nelson was a sister of Homer Peter, Jr. and Mrs. Karin Hawkins. She leaves three children, Alfred, Rexford and Norma.

Mrs. Howard Park who is spending part of the winter at her Lake Tahoe home, entertained all six of her children at Tahoe over the holidays, several members of the family coming from the east to bewith her.

Tahoe Inn announces a full house guest list over the New Year's holiday, although reservations are still available for the special New Year's dinner.

Arthur Delbo of Lake Forest is recovering from severe facial lacerations received last week when a fire he was fighting with air exploded and a piece of the rim struck him on the nose and one eye.

Mr. and Mrs. Paul St. Suro of San Francisco spent the holidays with the Victor Winklers at the C. T. Bliss estate near Tahoe Tavern, the parties leaving for home on Monday.

Milton Jacobs, son of Mrs. Amelia Wehrman, spent the Christmas holiday with his mother, returning to his work in San Francisco on Sunday.

Mr. and Mrs. A. M. Henry of Tahoe City entertained at a dinner party on Saturday evening, guests enjoying their hospitality including Mrs. Muriel Howrigan and daughter, Barbara, Martin Spitz and Douglas Smith all of Sacramento; Mr. and Mrs. Norman Mayfield, Sig Ulland and the Henry's children, Patsy and Junior. Cards were the after dinner diversion.

H. H. Hull returned from San Francisco on Thursday to join his family here for the holidays. Mr. and Mrs. O. E. Ogden of Tallac and Dean Hull were among those present for Christmas dinner at the Hull home.

We see by the Reno papers where Theodore "Tex" Rex, 32, of Mineral well known at Tahoe, took unto himself a bride last week in the person of fair Thelma Cameron, 18, of Mendocino. Best wishes.

A card signed Mr. and Mrs. C. W. Pick from San Anselmo this Christmas would indicate that this well known summer resident of Tahoe has deserted the bachelors' ranks for those of the Benedicts. His many friends here wonder who the new bride might be and join in offering congratulations.

The Henry Drostes are enjoying a winter vacation at Tahoe where they are the guests of Otto Rempfer. Mr. Rempfer is also building a new home on his Lake Forest property which will be ready for occupancy this coming summer.

Among out-of-towners who spent the holidays in the Tahoe region were Robert Eisman and companions from San Francisco; Miss Marie Russell of San Francisco and W. L. E. O'Brien of Marin county, all guests of Tahoe Inn as were Mr. and Mrs. A. L. Stribley of Long Beach who spent four days of their honeymoon at the popular hotel.

Mr. and Mrs. N. R. Mayfield were among the holiday hosts, entertaining at dinner on Christmas Day their houseguests, Mrs. Muriel Howrigan and daughter, Barbara, and Martin Spitz, all of Sacramento and Douglas Smith.

Local friends of Miss Barbara Howrigan will be pleased to learn that she is wearing a beautiful diamond ring on her left hand, the gift of Martin Spitz, although no date has yet been announced for their wedding.

Miss Patricia Drosté left Truckee on the afternoon train for Oakland where on Tuesday she will serve as joint hostess at an elaborate luncheon given in honor of a bride-elect friend. She plans to return to Tahoe to join her family within a day or two.

Harry Haren of Reno, well known at Tahoe, is operating the Brockway Vista Garage formerly proprietored by the Earl Nelsons, who are wintering in Oakland. The newly erected and comfortably furnished cabins adjoining the garage property have been made suitable for winter use, according to Haren. Three of them are already rented, he said.

Mr. Harden reports that the blizzard and snow storm which struck

Mrs. Minnie Pomin of Idlewild has been enjoying a visit in San Francisco with relatives.

Mr. and Mrs. A. R. Westphal have left for New York where they will spend several enjoyable weeks.

Mrs. C. B. Pedersen and little daughter have taken an apartment at Phoenix, Arizona, where they will be near their husband and father, Dr. Pedersen, who is stationed at Castle Hot Springs, Arizona for the winter.

Mrs. Charles Swanson is the happy winner of a brand new \$25 baby bond awarded in a recent radio contest.

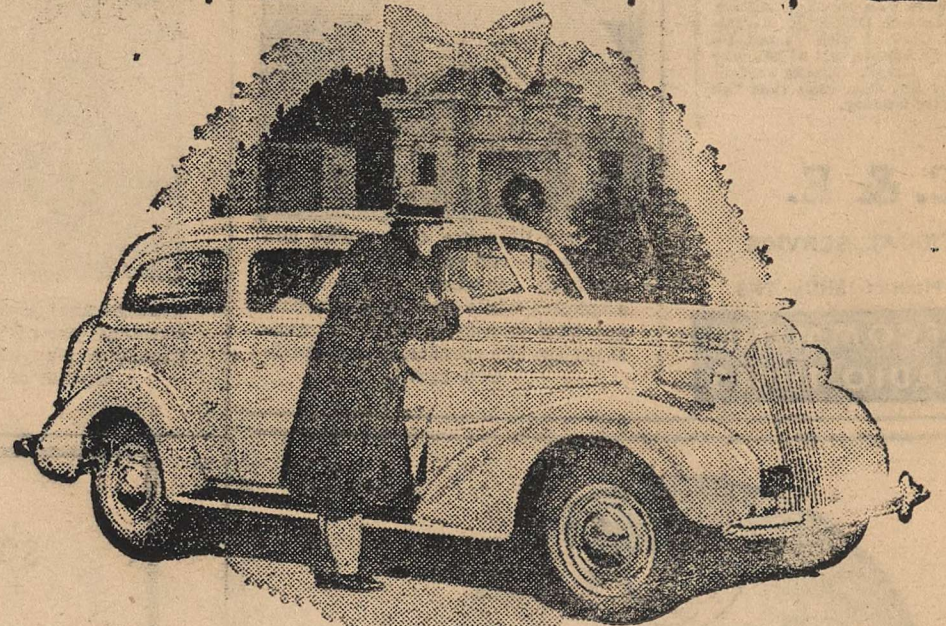

Mr. and Mrs. James Ferguson and little son, Gene, who spent the Christmas holiday with Mr. and Mrs. Ed Ulmer of Stockton, returned with difficulty to Tahoe Sunday. Leaving Sacramento at 1 p. m. it took them from that time until 9 p. m. to reach their home in the Sunnyside area. When about four miles north of Marshalls Inn on the Truckee-Tahoe highway, their car skidded from the road into a deep snow bank which almost completely engulfed the car. Leaving the baby wrapped warmly they both proceeded to dig snow away with their hands trying to get back onto the highway. They had about decided to build a fire and remain for the night when two boys who had been marooned for 13 hours came along with their shovels and gave assistance. Getting the motor started they found the lights were gone and they made the rest of the trip by moonlight.

Tahoe on Friday and Saturday left three feet of snow on the highway and drifts from eight to ten feet along the sides of the road. He and a group of men from Brockway spent most of Saturday night and Sunday morning digging out of the drifts the heavy machines of Mrs. M. F. Kersey who had bravely elected to enjoy the winter season at her new home in Crystal Bay. Harden and his crew which went to the assistance of the machines, stalled near Cal-Neva, had to send for additional help when they became stalled, the second crew fighting their way through with difficulty. Mrs. Kersey has her own snowplow which is operated privately to keep the road open to her attractive estate.

Plows are keeping the local highway open, but tire chains and shovels are a real necessity at all times in case of emergency.

Span Nears Completion

This unusual photograph, taken by a "Big Bertha" camera which fortifies perspective, shows the Golden Gate Bridge from Marin County to San Francisco. The bridge is completed now with the exception of traffic lane paving and routine clean-up jobs.

OLD FEUDS FORGOTTEN AS SHEEPMAN NAMED HEAD OF CATTLEMEN

CHICO, Dec. 31.—(UP)—If the old time animosity between sheepmen and cattlemen existed today, Hugh Baber of Chico probably would be called upon to do battle with himself.

Baber recently was elected president of the California Cattlemen's association at its annual meeting in San Francisco.

Baber, manager of the Llano Rancho near here, also is a past president of the California Woolgrowers' association.

STATE MOTORISTS PAY \$4,088,512 INTO FUND ON GAS TAX

SACRAMENTO, Dec. 31.—(UP)—California's motorists poured \$4,088,512 into the state highway fund through the medium of the three-cent gasoline tax in November, the state board of equalization announced after completing a check of tax assessments against gasoline and oil distributing companies.

This exceeded by \$441,095 the amount collected in November, 1935.

Similarly, tax returns from sale of beer and wine showed an increase over the amount collected during the corresponding month last year totaling \$151,878, a gain of \$10,365.

John J. Corbett, board member, saw in the gasoline tax returns further indication of improved business conditions.

"Increase in the gasoline tax assessments over those for the corresponding month of the preceding year have been noted each month since December, 1934, with the exception of March, 1935, and October, 1936," he said. "Inasmuch as all indications point toward a continuance of the upward trend of business conditions which has accounted primarily for the increases in tax assessments the past two years, we may look forward to an even more rapid improvement of the marvelous system of highways now possessed by the state."

Gasoline tax revenues are distributed on the following basis: one cent of the three cents collected goes to the counties, one half cent to the cities and one and a half cents to the state division of highways.

A seasonal increase in the consumption of wine and decrease in the sale of beer were revealed by report on the beverage tax of two cents a gallon levied on wine and beer.

Wine sales increased from 2,010,736 gallons in October to 2,089,633 gallons in November, while during the same period, beer sales dropped from 6,488,605 to 5,260,104 gallons. Sale of sparkling wine increased sharply from 111,943 to 162,785 pints.

WINS RECOGNITION

(Continued from Page 3)
Soda Springs, with the Denis Jones School of Skiing, offers good cross country skiing. At Truckee there are splendid ski hills, and 15 miles to the south, Tahoe City, on the edge of Lake Tahoe has the state championship ski hills.

NORDEN NEWS

(By C. W. KRAMER)

With Christmas over and everyone enjoying their full measure of pleasure and excitement with old Jupiter Pluvius doing his best to add his color scheme to the surrounding country, with the transportation companies adding snow plows, rotaries and the other snow fighting equipment, with reservations being taxed at the various lodges in and about Norden lends a real New Year's atmosphere that has long been awaited by hotels and tourists alike and with four feet of snow on the ground will cause the New Year celebrants much satisfaction and good time and will assure ample snow for any and all the diversified sports.

Noting the stalled automobiles, the low cars lending service from Colfax and Truckee and the highway equipment in full working order and on the scene would give an impression that winter has arrived in earnest, indications and weather reports suggest a continuation of the present setup of weather and more snow.

The Sierra and Tourist clubs near Norden are filled to capacity with tourists to arrive over New Years with many more requests for reservations.

About 50 Boy Scouts arrived last Friday to trek back to their lodge in the rear of Spruce for a jaunt.

John Backarich of Norden is in Sacramento on business.

In San Francisco over the holidays were John Carl, Ernest Johnston and family, Claude Gangler all of Norden who visited Eric Gram at the Southern Pacific hospital and report that he will be back on the job New Years, while in the same institution all report H. H. Notley of Colfax doing nicely following a recent operation.

Better times are evidenced from the more expensive calendars donated by business houses all over the Sierra district.

Frank Rector of Norden was called to Sacramento last Friday where his father passed away and was interred in that city. Condolences are extended to the bereaved relatives.

To enjoy Christmas in Sacramento went Mr. and Mrs. Clarence Libby, C. W. Kramer and many others while Hugh Montgomery was reported in Reno accompanied by Robert Gibson of B. and B. No. 104.

A New Year's resolution for this column will be to contribute more regularly than in the past and to provide interesting items so far as is consistent. A poor showing in the past was due to pressing business in regular channels of endeavor.

New Years will be fittingly celebrated in Norden and community as many will assist Truckee in her celebration.

HORSE AND BUGGY DAYS PLANNED IN CAPITAL AFFAIR

SACRAMENTO, Dec. 31.—(UP)—Youthful Sacramentans, to whom "horse and buggy days" are just reminiscences of their elders, will be given an opportunity next month to see how they operated.

The Quarter Century club has made arrangements to stage their annual celebration during the week starting January 25. All business establishments of the city which have been in operation under the same name for the past 25 years will be honored.

As a feature of the celebration, plans were being completed to have a local express company make all deliveries with horse-drawn vehicles.

IMPROVEMENTS ON NATURAL RESOURCE MADE BY STATE

SACRAMENTO, Dec. 31.—(UP)—Improvements valued at \$6,000,000 were constructed for various divisions of the state department of natural resources during 1936 at a cost of approximately 2 per cent of their value, officials announced here.

Explaining this low cost to the state, George D. Nordenholt, department director, said the work was accomplished through cooperation of various federal relief agencies.

MARRIAGE, DIVORCE BILLS WILL BE UP IN NEXT SESSION

SACRAMENTO, Dec. 31.—(UP)—At least three bills dealing with the marriage and divorce problems will be introduced at the forthcoming session of the legislature, according to word received here.

Included in the proposed measures was a bill to repeal the present "gin marriage law" which requires three days notice of intention before the license is issued.

Two other bills under consideration would abolish so-called "heart balm" court actions except where one of the involved parties put intentions into writing, and shorten residence requirements for filing divorce suits.

STATE FAIR NEARS ALL TIME RECORD FOR ATTENDANCE

SACRAMENTO, Dec. 31.—(UP)—California's 1936 state fair last September came within a fraction of topping all state fairs in the country for attendance.

The state exposition, which drew 622,408 persons during its ten-day run, was only 14,076 below the total attendance for the Minnesota state fair, largest in the country.

YOUR MONEY DOES DOUBLE DUTY WHEN YOU BUY HERE

NEVADA COUNTY HAS 235 LIQUOR ESTABLISHMENTS

SACRAMENTO, Dec. 31.—(UP)—There are enough liquor establishments in California to provide one drinking spot for each group of 226 men, women and children.

Including the on-sale beer and wine, beer only and hard liquor establishments where beverages are sold by the drink, there are 14,157 licensed to do business in California, George M. Stout, state liquor administrator, revealed.

In Nevada County, there are a total of 235 on-sale licenses. The ratio of licenses to the population based on the 1930 census, is one to 104.

Contrary to popular belief, the largest percentage of drinking spots in proportion to the population is not in the cities or densely settled counties, but in the sparsely inhabited areas such as Mono county where the ratio is one license to each group of 43 people; Alpine, one to 48; Nevada, one to 59; El Dorado, one to 60; Modoc and Amador, one to 70; Sierra, one to 73; Tuolumne, one to 75; Calaveras, one to 76; Mariposa, one to 81, and Yuba, one to 82.

In Los Angeles county, where the enforcement problems have been severe because of the population and the large number of licenses issued, the ratio is one to 354. San Francisco, always noted for its liberality in regard to personal habits, has a liquor license for each group of 186 persons.

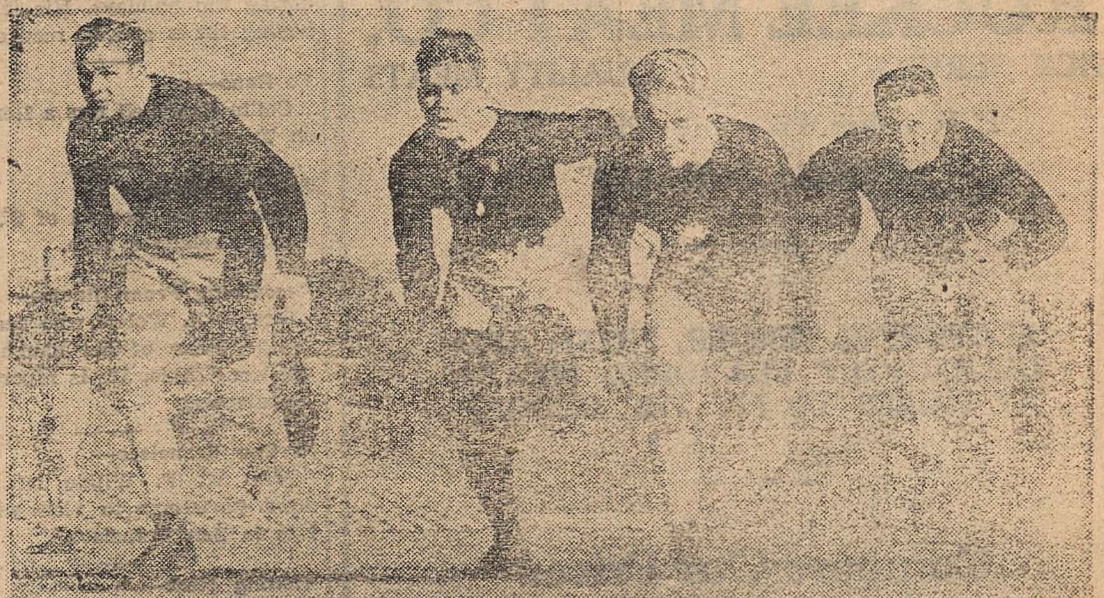

Last month the board of equalization issued 1,483 licenses, collecting \$45,300. It denied 88 applications, revoked 31 licenses and suspended 59. The revocations were the result

Pittsburgh's Rose Bowl Team

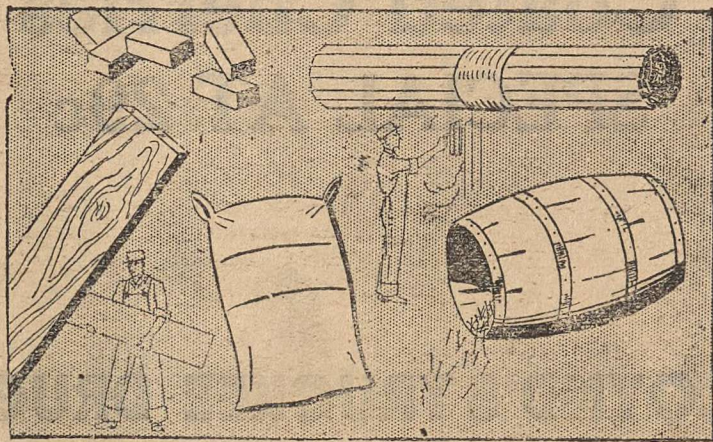

Bobby La Rue, 165-pound right halfback, was missing from the lineup when this picture of the team which will meet the Washington Huskies in the New Years Day football classic at Pasadena was taken. But his teammates all are there. They are: Harold Stebbins, RH; Bill Stapulis, F; John Chierne, Q; Marshall Goldberg, LH; Fabian Hoffman, E; Averell Daniel, T; Al Lenzowski, G; Henry Adams, C; Bill Glasford, G; Tony Matisa, T; Bill Daddio, E.

DOCTORS DECLINE EXAMINATION FOR \$200-PER MONTH JOB

SACRAMENTO, Dec. 31.—(UP)—California doctors apparently are not interested in \$200-a-month positions with the state.

The personnel board found it necessary to postpone two examinations for civil service positions because an insufficient number of doctors applied.

One position, that of assistant medical director of the state industrial accident commission, is located in San Francisco and pays \$200 per month for part time work. The other position is assistant surgeon in the veterans' home at Yountville, and pays \$200 a month plus maintenance for the surgeon and his family.

The examination, originally scheduled for December 12, will be held January 2, the board announced.

HUGE SUM WILL BE SPENT ON HIGHWAYS DURING TWO YEARS

SACRAMENTO, Dec. 31.—(UP)—Expenditure of \$73,000,000 on California highways in 1937-39 biennium has been approved by the state highway commission, Chairman Harry Hopkins reported.

Details of the budget, however, will not be made public before the legislature convenes on January 4. The document must have legislative approval before it becomes effective.

Requests for highway construction totaling more than \$100,000,000 had been considered by the commission in making up the schedule, which calls for an expenditure of \$26,000,000 in southern California and an equal sum in the northern part of the state, Hopkins said.

DRUNK DRIVERS TO LOSE PLATES IN NORTH SACRAMENTO

SACRAMENTO, Dec. 31.—(UP)—Drunken and reckless drivers of motor vehicles in North Sacramento hereafter will not only lose their operator's cards, but their automobile license plates as well, Justice of the Peace Silas Orr said.

Any driver who objects to giving up the cards and plates will be given a jail sentence, he said.

The drastic order was announced as part of a campaign to reduce accidents on the heavily traveled transcontinental route through the city.

As the capitol slowed down for the holiday period, it still appeared that William Mosley Jones, Southern California liberal, was the likely choice for speaker of the assembly when the democrats attempt to organize the lower house.

Journey's End

This photograph was taken as searchers came upon the wreckage of the giant United Airlines transport which crashed this week on the top of a mountain ridge near Saugus, Cal. The plane struck a treetop, bumped and skidded 1000 feet through scrub oaks and was finally halted, a mass of crumpled metal in which 12 persons were crushed to death.
